NOTE: Move! S4 Stacker Screens are for use on existing standard S4 Back-to-Back screens on Move! only, finishing at 1200h. By adding a Stacker Screen the finished height of the screens will be 1600h from floor level. To ensure stability existing screens should have been bolted to the brackets originally supplied.

Take care to ensure correct length screen is ordered to match length of screen on existing desking. Screen length varies dependant on position on configuration.

See page 21 of the main pricelist for full range of Move! S4 screens.
